WHEREAS, the County Council supports the promotion of respiratory health among its citizens and the improvement of air quality by reducing exposures to such air contaminants as secondhand smoke; and

WHEREAS, the County Council also recognizes the freedom of its citizens and the personal choice one makes in smoking tobacco products, and does not desire to unnecessarily infringe on this freedom; and

WHEREAS, there is clear evidence that exposure to secondhand smoke can cause disease and premature death in children and adults who do not smoke, and the Surgeon General of the United States has indicated there is no risk-free level of exposure to secondhand smoke, and that even small amounts can be harmful to peoples health; and

WHEREAS, brief exposure to secondhand smoke places children at greater risk for decreased lung function, increased rates of bronchitis, and development of cancer, heart disease, and lung disease; and

WHEREAS, the County's outdoor Recreation and Parks facilities -- such as playgrounds, dog parks, and athletic fields -- exist for the very purpose of fostering good health and recreation and a sense of community, and therefore those who frequent such spaces ought not to be subjected to the exposure and dangers of unnecessary and harmful air contaminants and carcinogens such as secondhand smoke; and

WHEREAS, the Board of Recreation and Parks supports a tobacco-free policy at its recreation facilities; and

WHEREAS, the County Council recognizes the health problems associated with secondhand smoke and desires to alleviate the effects of secondhand smoke on its citizens;

1           SECTION 1. BE IT ENACTED BY THE COUNTY COUNCIL OF BALTIMORE  
2 COUNTY, MARYLAND, that the Laws of Baltimore County read as follows:
