PROPOSAL

Applicant/s (aside from the main artist, all others will be listed in alphabetical order): _____

Email: _____

Phone: _____

Website: _____

Address: _____

I, _____ (name in print), have received and read this prospectus and will abide by the rules and regulations and agree to the terms and conditions set forth herein. I have also read, completed, and attached the Lake Roland "Volunteer Registration Form"

_____ (signature).

Please Note: Applications that communicate the idea and the relevance of the final piece most clearly will receive the highest consideration upon review by the Art on the Trail committee. Art concepts should have an articulate central idea convincingly presented—a one page description expressing the central idea of the project should accompany the proposal and demonstrate relevance and appropriateness for the park and visitors of the park. Additionally, it is important the proposals demonstrate that the proposed project will be complementary to the parks natural/aesthetic setting.

Applications will be reviewed and considered on a case-by-case basis by the Lake Roland Art on the Trail Committee. A committee member will contact you with any concerns about the proposal. A committee member will contact applicants and set-up meetings for interviews and site-selections from October 11, 2021 – October 22, 2021. Notification of acceptance/decline will be by email on or before October 29, 2021.

Selected artists will receive a \$250 stipend to help cover costs associated with material costs, transportation, and installation. All artwork must be installed no later than April 8, 2022. The “Meet the Artists” reception at Lake Roland will take place on June 12, 2022 from 1pm-3pm.

Please answer the questions in the order below:

- Describe the Art Project you are proposing:
- Attach a thoughtful, one page description of the proposed project in as much detail as possible (title, theme, central idea). In what medium/materials is the work you want to display, location—ground, tree, etc., the approximate dimensions - HxWxD). Important reminder –Artists must consider the health of the waterways, plants, animals, and park visitors—projects cannot be made with any harmful or toxic materials.
- Is this a group or solo project? (If this is a group project, please submit one proposal with the lead artist’s information. Include the name(s) of additional artists)
- Provide a project timeline from design stage through final installation.
- Write a statement outlining any safety concerns regarding your project.
- Provide images (hardcopy photos, sketches, or other visuals of the sculpture)
- Include site location. Include photos if possible. Areas off of the “red” trail must be approved by a park ranger. Rangers or committee members can also assist you with choosing a site.

Please provide a minimum of 3 and a maximum of 8 images of past work (either hard copies, jpeg or CD) and your resume (if available), exhibit experience, information on any formal art training, and any other personal background information relevant to your application.

- Please include this cover sheet.
